CCT Okays Domestic Debt Exchange for Pension Schemes

Mr. Joseph Boakye Danquah Ampofo; President CCT

The Chamber of Corporate Trustees in a press release signed by its Executive Secretary Mr. Thomas Esso has given the greenlight for pension schemes to participate in the new Government of Ghana Alternative Domestic Debt Exchange Offer. This position was arrived at after close working relations with Labor to ensure that pension fund schemes would not be adversely impacted.

According to the release, the objectives of the Chamber were to ensure that there was no loss in the patrimonial value of the bonds, the bonds are tradable and that there is liquidity assurance.

The Chamber, however cautions boards of trustees of pension funds to independently assess the alternative offer from the Ministry of Finance and participate as they deem fit. The Chamber of Corporate Trustees is the central advocacy platform of the private pensions sector of Ghana. It is an independent non-governmental body.
